Music Tracks by Disc Name

Some couples make CD Favors for their guests and/or DJ consisting of their favorite music. I've been collecting these for the last couple years; they have been inventoried here... You are welcome to use any of these tracks, just indicate which Disc (couple's name) it is on. **If we don't have the song, it is ultimately your responsibility to provide the music for your wedding video.**

If you do not see the song you are looking for, or pick a song that unbeknownst to me has an issue, you will need to provide it. The best is always CD Audio, but you can also e-mail me an AIFF, MP3, or WAV file, but NOT a WMA file. My e-mail is pat@blueskywedding.com.

If you are not sure you know the song, the best way to listen to any of these (faster than even having the CD) is by just going to itunes.com and doing a search. Looking for a song on this list? Use "Find" under Edit in the tool bar.

Tips for looking for music for:

Photo Montages – Any slow/love song works that is at least 2 minutes and 20 seconds long.

Highlight Montages – You need two... the first should be slow to medium tempo and the second, medium to fast tempo.

Love Story – Depends on the theme but usually slow to medium and/or "fun." 1-2 songs depending...

Interactive DVD – It's optional but you could give me some music to play in the background while the menu is up.
